Zurich- One of the richest and most sophisticated cities in the world, Zurich is not only a global financial center, but also one of Europe's most important crossroads when it comes to transportation and travel. Its historical center has been preserved almost to the millimeter, although a trendy, avant-garde feel to the place makes Zurich one of the most attractive cities in the world to live and play.

Lucerne- Lucerne, the gateway to central Switzerland, sited on Lake Lucerne, is embedded within an impressive mountainous panorama. Complete with gable paintings, the covered, medieval Chapel Bridge forms the centrepiece of Lucerne's townscape and is considered to be one of the oldest, covered wooden bridges in Europe. The figure of a dying lion which was hewn from the face of rock in remembrance of the heroic death of Swiss guards killed during an attack on the Tuileries in 1792 is one of the best-known monuments in Switzerland

Interlaken- It's not unusual for a town to be on a River, Lake or An Ocean. But for It sit between two lakes may will be unique. Interlaken-between lake thin and lake brienzen-can boast such a privileged position and there's more. Interlaken is also in the heart of the magnificent Jungfrau region mountain World and affords views of the World famous Icy Icons, The Eiger, Monch & Jungfrau.

Innsbruck- Experience the real Tyrol in a place where the Alps are close enough to touch. An exceptional setting where city, culture and nature come together to delight anyone who wants to explore, enjoy and be inspired. Nowhere else are alpine experiences and urban joie de vivre so closely connected. Alpine-urban, sporty, dynamic and cosmopolitan yet charming, strong and traditional – Innsbruck is a city with exceptional appeal.

Venice-Venice is world-famous for its canals it is built on an archipelago of 118 islands formed by about 150 canals in a shallow lagoon. The islands on which the city is built are connected by about 400 bridges. In the old centre, the canals serve the function of roads, and every form of transport is on water or on foot. Venice is universally considered to be the most beautiful city in the world because of this unusual urban design and its inestimable artistic heritage; it is included in the heritage of humanity projects protected by UNESCO and has the highest number of visitors of any Italian city, many of whom are foreign tourists.

Pisa- The city of Pisa rises above the banks of Arno, just before the mouth of the river at Marina of Pisa. It is one of the most important cities in Tuscany and it is extremely well-known in the world, because of its famous symbol: "the Leaning Tower". Pisa is both an ancient and modern city. On the one hand, it is proud of its past, when it was a Maritime Republic and became a world power during the Middle Ages.

Florence- Florence's museums, palaces, and churches house some of the greatest artistic treasures in the world. The most popular and important sites in Florence include the Cathedral, the Baptistery, the Uffizi, the Bargello, and the Accademia. The churches of Santa Maria Novella and Santa Croce are veritable art galleries, and the library of San Lorenzo is a magnificent exhibition of Michelangelo's architectural genius. Wander some of the oldest streets in the city until you reach the Arno River, cross the Ponte Vecchio, and experience the "newest" area of Florence, the Oltrarno.

Rome- Rome was called the "Eternal City" by the ancient Romans because they believed that no matter what happened in the rest of the world, the city of Rome would always remain standing. Exploring the city center by foot surrounded by glorious monuments and colossal remains takes you back in time to the "glory that was Rome".
